

JDS Fabrics: BALDER

Technical characteristic: BALDER

BALDER

Composition: 26% cotton 68% virgo wool 6% polyamide	Flammability: EN 1021-1/2 IMO A.652(16)	Flexibility: 100 000 cycles
Weight: 685 g	Light resistant: 5-7 (ISO 1-8)	

The technical characteristics for BALDER fabric are listed in a table. The first row includes Composition (26% cotton, 68% virgo wool, 6% polyamide), Flammability (EN 1021-1/2, IMO A.652(16)), and Flexibility (100 000 cycles). The second row includes Weight (685 g), Light resistant (5-7 (ISO 1-8)), and care symbols: a crossed-out triangle, a crossed-out square, a crossed-out circle with a 'P', and a flat iron icon.
